

The Montana is one of our most popular homes which offers excellent value for money. It has been designed so that extending at a later date is an easy project (see Montana additions over).

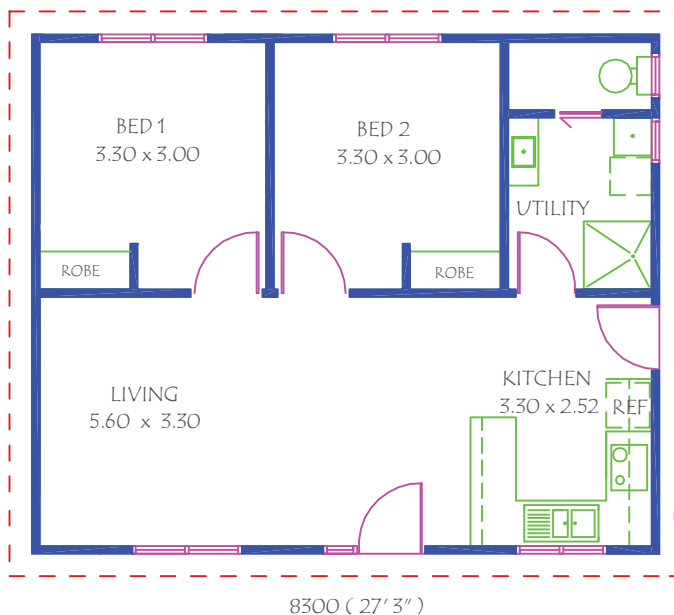

Montana with optional front verandah roof and deck, ramp & balustrading

Our Montana home features a 17° Colorbond® roof with James Hardie™ Primeline® Weatherboard exterior.

Any of our other exterior claddings are available (prices upon application). Aluminium windows in a choice of colours.

This home design is so versatile that it is easily adaptable for the following uses:

- As a holiday cottage
- As a small retirement home
- As a separate addition behind your existing home to suit your family's requirements i.e. parents or children. Subject to Local Authorities requirements.
